OBJECTIVE

Seeking a cybersecurity internship (stage).

Profile

Cybersecurity student at CMC OFPPT, developing technical knowledge in networking, Linux administration and information security. Interested in defensive security, SOC operations, incident response, threat intelligence and cloud security. Seeking an internship to apply my knowledge, gain practical experience and learn from experienced cybersecurity professionals.

Education

Cybersecurity

CMC OFPPT, Morocco

Current

Technical Skills

Networking	TCP/IP, VLAN, Switching, Routing, Network Configuration
Operating Systems	Linux Administration, Ubuntu, Kali Linux
Cybersecurity	Core Security Concepts, OWASP Top 10 Awareness, Web Application Security Fundamentals, Passive Reconnaissance, Threat Hunting Fundamentals, SIEM Fundamentals

Labs & Practical Projects

Explored through academic labs and practical projects:

- Network configuration
- Traffic analysis
- SIEM monitoring
- Threat hunting
- Passive reconnaissance

Areas of Interest

Defensive Security | SOC Operations | Incident Response | Threat Intelligence | Cloud Security
